

## **Qualification Title: GQA Level 2 NVQ Diploma in Fenestration**

### **Installation**

**England & Northern Ireland Qualification Number: 500/7825/2**

**Welsh Qualification Number: C00/0196/6**

### **Qualification Specification**

#### **Who is this qualification for?**

This qualification is aimed at those who work as installers of glass supporting systems, which include window and door units. The standards cover the most important aspects of the job. This qualification is at Level 2, although there may be individual units at other levels, and should be taken by those who are fully trained to deal with routine assignments. Candidates should require minimum supervision in undertaking the job.

A further qualification that covers Fenestration Installation and Surveying at Level 3 is also available.

Candidates for this qualification could be assessed in the context of installing windows and doors or Conservatories. Candidates for this qualification will primarily be working on customers' premises and installing windows, doors, conservatories.

Candidates could have jobs entitled:

- Conservatory Installer
- Window Fitter
- Double Glazier
- Installer of Glass Supporting Systems
- Installer of Replacement Windows and Doors
- Installer

#### **Entry requirements**

There are no formal entry requirements for learners undertaking this qualification. However, centres must ensure that learners have the potential and opportunity to gain the qualification successfully.

#### **Qualification support**

This qualification has been designed and developed by GQA Qualifications with the support of Proskills.

## Qualification achievement

Candidates should achieve all 4 mandatory units, plus a minimum of 11 credits from group 1 of the optional units, a minimum of 8 credits from group 2 and a minimum of 3 credits from group 3 and a minimum of 3 from group 4. This makes the minimum credit value of the qualification 40 credits.

GQA qualifications are made up of units that have a credit value or credits. These credits must be achieved in the correct combination of mandatory and optional units. Qualifications are now required to indicate the total qualification time (TQT), this is to show the typical time it will take someone to attain the required skills and knowledge to meet the qualification criteria.

The units of assessment set out learning outcomes which describe what learners need to be able to do and understand. The learning outcomes are defined by assessment criteria which are used to assess competence, expressed as skills achieved and learned knowledge and understanding, to achieve the units. Achievement of the mandatory unit and optional units will mean the qualification has been completed and will be subject to approval of a claim for certification. GQA Qualifications will issue a certificate complete with the learner's name, the qualification and unit titles and the credits achieved.

## Qualification Structure

<b>Qualification Title:</b>	GQA Level 2 NVQ Diploma in Fenestration Installation		
<b>Qualification Number (QAN):</b>	500/7825/2 & C00/0196/6		
<b>Total Credits:</b>	37		
<b>Total Qualification Time (TQT):</b>	370		
<b>Guided Learning Hours (GLH):</b>	232		
Candidates should achieve all 4 mandatory units, plus a minimum of 11 credits from group 1 of the optional units, a minimum of 8 credits from group 2 and a minimum of 3 credits from group 3 and a minimum of 3 from group 4. This makes the minimum credit value of the qualification 40 credits.			
<b>Mandatory units</b>			
<b>Unit number</b>	<b>Title</b>	<b>Level</b>	<b>Credit</b>
A/600/7624	Maintain health and safety in the fenestration installation working environment	2	4
